RELEVANT EXPERIENCE — SEA SKILLS FIRST

Past commercial kitchen years transfer directly to an offshore galley. Skills that matter on a boat:

Volume — Continuous production for a full watch. Back-to-back services, large crew feeding, no gaps between sittings. High-volume travel and corporate catering background.

Seafood — Fish handling, butchery, specialised fish dishes, Japanese and Asian seafood technique. Directly useful on crab boats, fishing boats and whale boats.

Long hours — Early starts, late finishes, physical work, short nights. Used to a confined galley and a moving deck. Regular 12–14 hour shifts.

Cold — Norwegian coastal winters in Molde (2014–2016). Own steel sailboat. Comfortable working wet and cold for long periods.

Hygiene — Food Hygiene Level 3 HACCP, temperature control, stock rotation, allergen control, MLC 2006 galley standard.

Norwegian coast, Molde 2014–2016
