SEA-RELEVANT SKILLS & EXPERIENCE

Past galley years are framed only by skills that transfer to a boat. All land jobs, restaurants, hotels, construction, airports and non-sea work removed. Work sought is offshore only.

Volume — continuous production for a full watch. Back-to-back services, large crew feeding, no gaps between sittings.

Seafood — fish handling, butchery, specialised fish dishes, Japanese and Asian seafood technique. Useful on crab boats, fishing boats and whale boats.

Long hours — early starts, late finishes, physical work, short nights. Used to a confined galley and a moving deck.

Cold — Norwegian coastal winters in Molde, own steel sailboat, comfortable working wet and cold for long periods.

Hygiene — Food Hygiene Level 3 HACCP, temperature control, stock rotation, allergen control, MLC 2006 galley standard.

Norwegian coast, Molde 2014–2016 — high-volume seafood and Asian production in a Norwegian working environment. D-number held.

Own 36.6 ft Dutch steel sailboat Kees — time at sea, practical deck work, no seasickness.
